

2018 Bioregate Forum

Start Date: Wed, 12 Dec 2018 00:00:00

GMT

End Date: Fri, 14 Dec 2018 23:59:00 GMT

The 2nd edition of Bioregate Forum will be held from 12 to 14 December 2018, in Nantes, FRANCE.

This event is the European meeting of key players in Regenerative Medicine dedicated to new approaches in cell therapy, stem cells, gene therapy, biomaterials and tissue engineering .

The ambition of Bioregate Forum is to bring together in one place companies and research institutes that innovate in Regenerative Medicine, as well as international clusters.

This year, a large space will be devoted to networking as well as business and partnership opportunities thanks to an entire B2B meetings session.

250 international participants from the field of regenerative medicine are expected.
