

PharmaLex and Veeva Seminar

Start Date: Thursday, October 11, 2018

8:30 AM

End Date: Thursday, October 11, 2018 1:00 PM

PharmaLex and Veeva are co-hosting two complimentary half day seminars looking at how organizations can move towards a more holistic data-centric regulatory affairs model.

These sessions will inform you about the advancements of regulators in requiring medicinal product data and how to prepare your organization to meet these regulatory needs in a compliant, yet efficient way. Hear advice on innovative ways to optimize regulatory processes.

Some of the topics will include:

- Regulatory advancements in requiring medicinal product data such as SPOR, IDMP, and eCTD 4.0
- Preparations your organization needs to make to meet these regulatory needs in a compliant, yet efficient way
- Innovative ways to optimize regulatory processes
