

Life & Health Science Careers Event

Start Date: Tuesday, October 24, 2017

12:00 AM

End Date: Tuesday, October 24, 2017 11:59 PM

On Tuesday 24th October 2017 Imperial College, Kings College and University College London (UCL) will again be organising the careers event for Life & Health Science students.

This event will be hosted at the Francis Crick Institute on Tuesday 24 October 2017.

As an active supporter and recruiter of events and students from these 3 leading institutions, we wanted to invite you to attend this event.

This event will be open to students and staff from the 3 institutions together with the support of the Francis Crick Institute.

Imperial, UCL and King's are in the UK Top 5 for Life Science and Medicine. Together, we have more than 4200 postgraduate and 5700 undergraduate Life and Health Science students. The Life and Health Science Careers Event is your opportunity to meet with engaged and passionate students from 3 of the UK's most prestigious universities. Our Colleges are research partners with the Francis Crick Institute; a project to create a world-leading biomedical research institute at the heart of London. It will bring together scientists, academics, doctors, social scientists, engineers, and others in an interdisciplinary medical research centre.

This is a fantastic chance to meet with the future leaders of Life and Health Science, at a pioneering venue of global research and development. We are now taking bookings for this event and these can be made Online via the King's College online system.

For enquiries about the event, you can contact any of the 3 institutions via –

Imperial College – Robert Carpenter – 020 7594 8030

Kings College – Candice Mooney – 020 7848 7132

UCL – Patrick Molloy – 020 3549 5929

Location(s)

London
