End Date: Wed, 25 Apr 2018 23:59:00 GMT

BioTrinity is one of Europe's leading biopartnering and investment conferences, and the largest of its type in the UK.

The aim of BioTrinity is simple - create an ideal networking and partnering platform for life science companies across the world to meet all under one roof and catalyse business in the industry, to ultimately help shape our healthcare future.

BioTrinity offers unique access to global life science investors, big pharma executives and innovative CEO's of emerging R&D companies seeking to make deals and grow their networks.
