About BioSeed®;

OBN (UK) and Eurasanté (FR) are delighted to announce the launch of BioSeed®, a joint venture event devised to provide a unique platform for early-stage Life Sciences companies, Technology Transfer Offices (TTO) and Universities throughout Europe seeking equity investment from Angels, High-Net-Worth individuals, specialist Crowd-Funders, and PE / VC funders genuinely interested in Seed and Stage 1 funding of early-stage companies and organisations.

BioSeed® will run as a one-day event in London on 14 November 2017 and will feature presentations and pitches by early-stage organisations and a series of pre-scheduled one-to-one meetings with potential investors.

BioSeed® is the result of a shared vision between OBN and Eurasanté; with both parties observing a lack of industry events that solely support the interaction of early-stage companies with appropriate investors at a European level.
