Science World, the United Kingdom's premier laboratory experience, is returning on 20 September 2017 to Millbrook Proving Ground. The event, hosted by Fisher Scientific, will be showcasing the very latest in laboratory innovations with thousands of products in action and is ideal for anyone who works in or around a laboratory. This will be the 24th Science World event held in the UK, which is renowned for offering an unrivalled, free day out for all those involved in the laboratory industry.

Science World is THE place to be for anyone working in or around a laboratory. Anticipated to attract more than 700 visitors and 60 leading industry exhibitors, this is a fantastic opportunity to see thousands of laboratory products in action, have the chance for great networking and innovative guest speakers.

Group transport can be provided (subject to terms & conditions) for 10 or more people from a customer location. Please liaise with your Account Manager and email requirements to [eu.exhibitions@thermofisher.com](mailto:eu.exhibitions@thermofisher.com)
